Note: ECM not included in standalone power module kit.

Caution: Remove power cord from IDS before installing this product.

1

Remove the ECM docking cover from the rear of the IDS.

3

Tighten the 4 captive screws in the corners of the ECM power module. Mount the IDS to any VESA compliant wallmount using the extension spacers and screws (included).

2

Plug the power module into the ECM dock on the rear of the IDS. ECM may be pre-installed or installed later.

4

To replace the ECM, loosen the thumbscrews and slide out. Reinstall is reverse of removal.
