

Epson

TM-U325 Printer

- Receipt and validation printing in a compact body
- Quiet, 6.4 lps receipt printing speed
- Handles up to 9 lines of validation
- User-friendly features such as drop-in paper loading and Auto Status Back (ASB) messages
- Connect-It™ interfaces for system compatibility
- Renowned Epson quality, reliability, dependability

Compact and powerful, Epson's TM-U325 combines two printers in one: a speedy, quiet receipt printer and a multi-line validation printer.

Epson's TM-U325 is the ideal choice for environments that want to reap the benefits of both a receipt printer and a validation printer — but want it all in one economical, space-saving printer.

Quick and quiet impact printer

Surprisingly fast, Epson's TM-U325 logic-seeking control device allows receipts to print at 6.4 lines-per-second (16 digits, 16 cpi). Even more surprising, the TM-U325 delivers its printing so quietly, customers won't know it's there.

Packs a punch in small spaces

This powerful, space-saving printer measures 164 x 240 x 136mm (W x D x H) {6.46 x 9.45 x 5.35"} and weighs only 2.3 kg (approximately 5.07 lbs). Its efficient design lets you make the best use of limited counter space. Even the AC adapter power source is compact. With the TM-U325 print buffer at 45 bytes, there's practically no limit to the number of downloadable fonts you can use to convey the image you want.

Epson printers define "ease-of-use"

No other company offers as many user-friendly features as Epson.

Drop-in paper loading that allows busy operators to replace paper quickly. An Auto Status Back (ASB) feature monitors printer status in real-time, keeping printer operation moving and users productive.

For total compatibility, just Connect-It™

With Epson's exclusive Connect-It interface options, the TM-U325 is totally compatible with today's best-of-breed and component-based systems. Thanks to this technology, you can choose virtually any system you want or use what you already have.

Epson quality and reliability

When you choose Epson's TM-U325, you can be sure you'll get unsurpassed performance and dependability. Because, like all Epson point-of-sale products, the TM-U325 meets Epson's world-renowned standards for quality and reliability.
