Honeywell Announces DEX Wireless Adapter

For consumer goods suppliers and retailers seeking to speed up direct store delivery (DSD) receipt, check-in time and payment, Honeywell Safety & Productivity (SPS) is pleased to announce the DEX Wireless Adapter. This DEX Wireless

Adapter empowers staff with seamless and reliable connectivity to DSD operators, Direct Exchange/Uniform Communications Standard) (DEX/UCS) store systems and vending machines, with a standard DEX plug and Bluetooth Low energy (BLE) connection with current and future BLE-enabled mobile computers. Built upon a low-power charge-free design, the DEX Wireless Adapter is an affordable, maintenance-free DEX solution to enhance productivity to deliver a reduced total cost of ownership.

New Part Numbers

PRODUCT NAME	PART NUMBER	DESCRIPTION
DEX Wireless Adapter	DEX-BLE-1	BLE DEX Adaptor

About DEX Wireless Adapter

The Honeywell DEX Wireless Adapter supports the CN51, Dolphin™ CT50, Dolphin 75e and other BLE-enabled mobile computers running Android™ 4.4 KitKat and later versions, Windows® 10 and Apple® iOS. Honeywell or other third-party DSD applications can easily connect and configure the adapter for operation.

The DEX Wireless Adaptor does not require charging; hence, there are no chargers to buy and maintain. The carefree internal battery has industry-leading performance that lasts 3+ years, enhanced by smart battery technology to turn off automatically after use.

The DEX Wireless Adaptor offers fast, foolproof pairing using NFC and barcode scan-to-pair.

It is easy to carry and use, lightweight, and includes a carabineer for fast attachment/detachment to belt and keychain. The flexible cable allows connections even in the tightest areas.

The DEX Wireless Adaptor comes with rugged design, withstands multiple drops and tumbles to concrete across the operating temperature range and has an IP67 seal rating against rain and dust. Its durable cable is able to withstand careless bending and pulling operation.
