POWERSCAN™ PM9100

DATALOGIC

TECHNOLOGY DRIVEN

The new PowerScan™ PM9100 series includes Datalogic's innovative new technology, a green 'laser-like' acquisition system based on a pioneering miniaturized scan engine with outstanding 1D decoding capability. The PM9100 readers feature Datalogic's exclusive 3GL™ (3 Green Lights) for superior good-read feedback.

DATALOGIC'S STAR CORDLESS SYSTEM™

The PM9100 reader is based on Datalogic's STAR Cordless System[™] 2.0, a proprietary narrow band radio system that offers scalable solutions from simple point-to-point applications to point-to-multipoint applications as well as network connections combined with seamless roaming for complex installations, making the STAR 2.0 Cordless System the most versatile and effective radio system, without interference caused by existing wireless solutions (Wi-Fi and/or *Bluetooth*).

BUILT TO LAST

The PM9100 reader has been tested to withstand extreme environmental conditions and is suitable for the toughest industrial applications.

DEVELOPED WITH THE USER IN MIND

The PowerScan PM9100 series includes different models able to satisfy all customers' needs; the product is available in a basic cordless model and in two different versions with display and 4 or 16-key keypads. The BC9180 base includes one model with two different Ethernet connections: Standard Ethernet and Industrial Ethernet protocols such as Ethernet IP and Modbus.

PM9100 reader is fully supported with Datalogic's Aladdin™ configuration program, providing a user-friendly interface for the start-up procedure and device programming.

FEATURES

- Datalogic's new linear imaging technology
 Compatible with Datalogic's STAR Cordless
 - System
- Datalogic 3GL[™] and loud beeper for good-read feedback
- Available in 3 models:
- Basic
- With Display and 4-Key Keypad
- With Display and Full Alphanumeric Keypad
- Radio frequencies available in 433 or 910 MHz
- Point-to-point and multi-point transmission
- Seamless roaming
- Ethernet Connectivity (Standard and Industrial)
- User replaceable Lithium-Ion battery
- Operates over a wide range of temperatures
- Water and Particulate Sealing Rating: IP65
 Drag provide to 2.0 m / 5.6 ft
- Drop resistance to 2.0 m / 6.6 ft
 Decoding capability up to 2.5 mils
- Decoding capability up to 2.5 miles
 EASEOFCARE Service Plans offer a wide range of service options to protect your investment, ensuring maximum productivity and ROI

INDUSTRY-APPLICATIONS

- Manufacturing / Warehouse
 - Component Traceability
 - Work-in-Progress
 - Sub-Assembly
 - Quality Control
 - Time and Cost Analysis
 - Control Machines Set-up
- In-line Inventory Control
- Retail / POS Check-out
- Transportation & Logistics / Warehouse / Sorting
