

Epson OmniLink™ TM-T88V-i Intelligent Printer

- Printer with retail-hardened PC
- Ethernet, optional Wireless-N connectivity
- Supports web-based printing from virtually any mobile device
- Add cloud services without need for legacy POS integration
- 4 USB ports for peripherals and video output
- Print speeds up to 300mm/sec
- Print option features reduce paper usage up to 30%

The OmniLink™ TM-T88V-i intelligent printer is ideal for retailers looking for a flexible, mobile POS system. It supports web-based printing from virtually any mobile device, cloud-based services and interactive kiosk displays.

Integrated intelligence and performance

Epson's OmniLink TM-T88V-i combines our best-selling TM-T88V receipt printer with a retail-hardened PC and built-in web server to enable mobile POS deployments, cloud-based services and the power to drive web-based POS and information display applications. It provides the application power and flexibility to run a broad range of POS configurations.

Flexible, web-based mobile printing

The OmniLink TM-T88V-i features Epson's unique ePOS-Print technology that enables browser-based printing from virtually any mobile device, with no drivers to install. The ePOS-Print API provides seamless communication between the receipt printer and iOS and Android devices, anywhere in the store.

Add value with cloud services

Retailers are looking at new ways to deliver value-added services to improve customer loyalty and drive sales. Epson's OmniLink TM-T88V-i helps deliver personalized customer experiences by enabling cloud-based services such as data analytics, loyalty, coupons, rewards

and digital receipts, with no changes to POS applications.

Powers kiosks and KDS

The OmniLink TM-T88V-i includes a powerful, retail-hardened PC with VGA video output to drive kiosk displays and kitchen display systems. With Ethernet and optional Wireless-N cards for internet connectivity and ports to connect up to 4 USB peripherals, OmniLink offers a reliable, solid-state PC-less kiosk solution with no fans, hard drives or moving parts. It can also drive multiple slave printers for kitchen order processing and more.

Reliable receipt printing

Epson's industry-leading TM-T88V POS printer offers best-in-class reliability, paper-saving features that reduce paper usage by up to 30% and best-in-class energy efficiency.

Backed by the leader

Epson's OmniLink TM-T88V-i is backed by our industry-leading service and support programs and includes a four-year limited warranty on the printer and two-year limited warranty on the PC.

Intelligent Printer for Mobile POS and Cloud Services

All the features you need

- Printer with retail-hardened PC
- Ethernet, optional Wireless-N connectivity
- Supports web-based printing from virtually any mobile device
