

21.5" Outdoor P-Cap Touch and Non-Touch Display

MOD-21580CH, MOD-21580H

Touch

Non-touch

A diverse and durable 1500 NIT outdoor display with a beautifully vibrant picture.

21.5" Outdoor Display Screen

Mimo Monitors is proud to introduce the first in a line of small format touch displays designed for optimum outdoor performance. Durable, reliable, and beautifully vibrant, this small-format outdoor display works at an extended temperature range, from -20c to 50c degrees, making it ideal year round, no matter the temperature. To protect from the elements ranging from water, moisture, sand, dust and insects, this commercial display is IP65 rated, allowing for hard use in nearly every weather condition. With 1500 nits of light, this display offers stunning, clear, crisp, and easy-to-see visuals both in sun and ambient lighting. For added impact the light sensor adjusts the display's brightness during cloudy days and at nighttime to optimize power consumption and ensure an ideal viewing experience. The Mimo Outdoor High Bright Displays are the perfect digital signage for amusement parks, sports arenas, quick service restaurant orders, outdoor kiosks, gas stations, and many more commercial applications.

Features:

- IP 65 rating
- Optic bonded to reduce glare
- High bright, vivid screen
- PCAP touch - optional MOD-21580CH
- Wide operating temperature for very hot and very cold conditions
