

RT12

The Rugged Tablet 12" is built to perform where other devices can't. Featuring a large 12-inch Projective Capacitive touchscreen and powered by Windows 11 IoT, it delivers reliable performance in the toughest environments. Designed to endure temperatures from -20°C to 60°C and humidity up to 85%, it's ideal for logistics, healthcare, retail, and manufacturing.

Each unit is custom-built in California, ships with a one-year warranty, and supports a range of accessories- giving you a durable, adaptable solution that keeps work moving.
