# WHY CHOOSE A SPACEPOLE SELF-SERVICE KIOSK?

- **Technology Agnostic:** Ability for customers to utilize current POS products and software for self service applications.
- **Flexibility:** The same SKU to fit multiple brands and models of screens and printers.
- **Fully Upgradeable:** To match customer preferences for additional peripherals: payment, scanner, camera, light indicators, backer board and more.
- **Futureproof:** Possible to upgrade technology later on with a minimum of parts affected.
- **5-year Warranty:** Our products come with a comprehensive 5-year warranty, ensuring long-term reliability and peace of mind.

# SPACEPOLE SELF-SERVICE KIOSK MOUNTING OPTIONS

## WALL MOUNTED

Ideal for environments with limited floor space, it supports a variety of peripherals and can be customized to fit specific needs, making it perfect for self-check-in/check-out, self-ordering, and product display applications.

## COUNTER MOUNTED

It is designed to be placed on countertops, providing easy access for users and supporting a wide range of peripherals such as payment devices, scanners, and printers.

## FLOORSTANDING

Modular and configurable, it supports a variety of screens and peripherals, making it suitable for high-traffic environments such as grocery stores, airports, and entertainment venues. This kiosk type is perfect for applications like self-ordering, ticketing, and digital signage.
