

# POS Touch Screen

*Computer access at the Touch of a finger*

*Easily mounts on ANY monitor  
Use with ANY program*

Add-On Touch Screen speeds up  
check-out time on computer cash register.

Touch screens are **3 to 5** times  
faster than using a mouse.

**Small Business adds  
Touch Screen to improve  
customer service.**

Allows DIRECT interaction with  
screen images for instant feedback.
